## Meet the New Head Basketball Coach

My name is Mark Ebersole, I am 53 years old. I grew up with a basketball in one hand and a B.B. Gun in the other. By the time the B.B. Gun grew into a 22 Rifle, I was starting on my grade school basketball team! From 5th grade through High School, the basketball court was the source of some of the biggest life lessons I learned.

My High School Coach inspired in me that we work as a team and we win as a team! Individualism could be expressed in flashes of creativity on the court; but we won or lost as a team. We were family!

Since those days of intensely competitive games, hard grueling practice regimes and wonderful highs, accompanied with the tears of a painful loss; I have been building teams.

Assembling a team, recognizing abilities and coaching each team member to excellence has been my life pattern in business! By hard work as a team, we win as a team; as in basketball, so in business and so in life! The incredible worth of each person and their distinct role in the whole has been a great joy for me to discover and unlock the potential!!

Coaching the Pathway Panthers has and will be just a further extension of my passion found in this "life lesson" learned first on the basketball court. We work hard, succeed, fail and again succeed, rejoice, cry and again rejoice and win, lose and again win; only as a team!

Romans 12:4-5 :For as we have many members in one body, and all members have not the same office: So we, being many, are one body in Christ, and every one members one of another.

# Editor's Corner

This year is coming to an end, and as I am looking back, it was very much a roller-coaster to me. I had many, many ups and downs. Lots of happy moments, and some very depressing experiences too. Of course all were spent with my close friends and family.

This past year I experienced many new things. For instance I participated in my first convention. It was always fun but very nerve wrecking. I also did some new athletic camps. There I made friends with new people and grew closer to God and my already, close friends. I am just very grateful for 2017 and how it has influenced my friends and I. My life will always be affected by this year, whether good or bad.

As the new year rolls around, I want to really think about why we do the things we do. Is it just to survive? God has so many things planned for us, if we would just be willing to listen and obey. We could do so many things through Him that we never thought were possible. I know it sounds cheesy but take some time to think about it this year.
