Blank Park Zoo Field Trip

The Blank Park Zoo was a very fun, action-packed adventure. Mr. and Mrs. Alatalo along with Mr. and Mrs. Lunkley, drove the third and fourth graders to the zoo. We saw so many different things like giraffes, rhinos, red pandas, otters, flamingos, snakes, wallabies, monkeys, black swans, peacocks and birds. There was a safari, and rainforest area. We had a worksheet on a clip board, where we had to write down information about the animals. The goats inhaled the food when we fed them. One of us was scared of the bat. We will always remember that Tate thinks penguins stink, and Emma wants to be an otter really bad. We made lots of great memories during the trip. We loved the zoo and were really sad to leave, but we hope to go back soon.

~3rd & 4th graders

Bible Memory:

II Timothy 2:1-15

Due: Nov 11

Awards Banquet	2
November Calendar	2

Fall Party

The Fall Party was pretty fun. We started by playing Kick the Can. Then we played the chair rock-paper-scissors game. Then we ended with another round of Kick the Can. After that we had a snack and then went on a hayride. Once the hayride was over, everyone played musical chairs. It was a fun time!

JH Volleyball

This years volleyball season was great! I learned a lot. One of the things I learned was how to spike better and how to play together as a team. My favorite team to play this year was Morning Star because they made us work the hardest. Some of my favorite parts about this volleyball season was learning new things, working as a team, and going out to eat with my teammates after some of the games. This year we finished the season with zero losses. It was a great season and I had lots of fun. I cant wait till next volleyball season!

~Maggie Shetler

Awards Banquet

Awards Banquet for volleyball this year was held at Cornerstone Community Church. It was a sentimental evening because it was Jodi Gehman (JH), and Abby Petersheim's (Varsity) last year of coaching for Pathway. Something I appreciated that Abby did was she talked a little bit about each one of us varsity girls, and qualities she sees in us. Both Jodi and Abby have taught me all I know in volleyball, as well as some life lessons. I have really enjoyed this season, especially my teammates. They were some of the most incredible girls to play with, and I will really miss Sophia next year as she moves on after graduation.
